

New Hampshire Preservation Alliance 2024 Annual Preservation Achievement Awards

Criteria

Each year the Preservation Alliance recognizes outstanding preservation work through its Achievement Awards program. Selection criteria include the quality of work, the project's innovativeness, the degree of challenge or accomplishment, and the level of community support. For construction projects, award reviewers also consider the importance of the historical resource and use of the Secretary of Interior's Standards for Rehabilitation. Please contact the New Hampshire Preservation Alliance office if you need a copy of these standards. Nominated projects must be located in New Hampshire. There are five awards categories:

Restoration/Stewardship [please use Form A]:

Recognizes exemplary work that returns a building or landscape to an earlier condition and appearance. Stewardship awards are presented to those who are ensuring the protection of historic properties through stabilization or long-term care and maintenance.

Rehabilitation/Adaptive Use [please use Form A]:

Recognizes exemplary work in preserving significant portions and features of an historic resource while preparing it for a new or contemporary use.

Compatible New Construction/Additions [please use Form A]:

Recognizes outstanding examples of compatible new construction or exemplary additions to existing historic buildings and landscapes.

Education and Planning [please use Form B]:

Recognizes initiatives such as master plans, school or youth projects, publications, exhibits or special programs that have substantially heightened public awareness or protection of the state's heritage.

Advocacy and Public Policy [please use Form B]:

Recognizes an individual, business or group that has made an outstanding recent contribution or caused a beneficial long-term impact upon the preservation movement in New Hampshire through leadership, education, technical services, public policy, or advocacy.

The Preservation Alliance advises that all projects which involve construction/rehabilitation work must adhere to applicable local, state and federal requirements including, but not limited to, building and safety codes, ADA and state accessibility requirements. Projects receiving federal or state funding or permits need to comply with Section 106 of the National Historic Preservation Act and/or RSA 227-C:9, as applicable.

The Preservation Alliance supports and encourages the revitalization and protection of historic buildings and places that strengthen communities and local economies.

New Hampshire Preservation Alliance 2023 Annual Preservation Achievement Awards

Nomination Application [Form A]

Project/Site Nominated: _____

Nominator's contact information (for questions about information on this form)

Name: _____

Address: _____

Town: _____ State: _____ Zip: _____

Email: _____ Telephone: _____

Location of Site: _____

Owner of Site/Property Nominated: _____

Address: _____

Town: _____ State: _____ Zip: _____

Email: _____ Telephone: _____

Owner type: ☐ individual ☐ corporation ☐ non-profit ☐ public agency ☐ other _____

Project Details

1. Award Category

☐ Restoration/Stewardship ☐ Rehabilitation/Adaptive Use ☐ Compatible New Construction
[For Education/Planning or Advocacy/Public Policy, use Form B.]

2. Date of Project Completion (or anticipated completion): _____

3. What is unique or remarkable about this project/site? (75 words or less).

4. **Project Summary:** Please describe the significance of the resource, the scope and quality of the project, how the work met the Secretary of the Interior's Standards for Rehabilitation, the degree of challenge and accomplishment, innovation, and level of community support.

5. **Project Partners:** Please list the project leaders, contractors, architects, consultants, organizations, and other groups that were instrumental to the success of the nominated project. Use an additional sheet if necessary.
